

Declaration of conformity according to PED 97/23/EC.

Manufacturer

Avonni AB
Nybytorpsvägen 12
SE-182 54 DJURSHOLM
Sweden

Pressure equipment

NONAIR® Micro bubbles Separator, of the types:

- Air Separator dim R20 – R50, DN50 – DN400
- Air & Dirt Separator dim R50, DN50 – DN400
- Air & Dirt Separator with built in Strainer dim R50, DN50 – DN150

Design temperature 110°C.

Non dangerous media, group 2, according to PED article 9.

Judgement of conformity

The device is designed and manufactured according to sound engineering practice, SEP, of Sweden, member state of EC, in compliance with the **Pressure Equipment Directive, PED 97/23 EC**, article 3 section 3. Accordingly, the device must not be CE-marked.

Technical specifications for construction

Swedish pressure vessel code, TKN 1987, now replaced by SS-EN 13445.

We, Avonni AB, declare under our sole responsibility that design and manufacturing are following the requirements of the above mentioned directive.
